Note:

1. According to the "Implementation Guidelines for the Qualification Assessment of PhD Candidates of NCHU" :... The advisor must convene PhD student assessment committee meeting at least once every academic year to review the student's research progress. Students who have not submitted their assessment records for review are not allowed to register and are required to take a leave of absence for one semester."
2. This notification form should be completed by the advisor and submitted to the office of the Institute of Microbiology and Public Health by August 31 of each year for record-keeping.
